

A word from some of our current employees

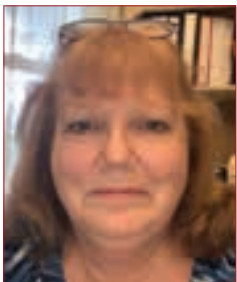

Not only do people love receiving services from Cornerstone but our staff enjoy working here as well! We want everyone to enjoy what they do. We work hard to provide a fun and safe environment that allows for a lot of creativity and sharing of personal interests. Check out some of the comments below:

I feel comfortable in each home location. I receive positive praise from families about the services their loved ones receive throughout the year, mostly how happy they see their family and how much they have grown.
- Ashyle G.

Shoppers say they love our prices and that the store "Helps Them Escape". I enjoy knowing that the money that we make helps the group home clients that we serve.
- David L.

There are more than enough opportunities for extra hours. I have DSP's coming to pick up shifts and they all say they appreciate putting the extra money toward individual goals.
- Sue P.

CORNERSTONE'S PHILOSOPHY:

At Cornerstone, our mission is to provide a safe nurturing home environment for adults who have an intellectual disability. Our trained staff (Direct Support Professionals) have an important role helping Cornerstone accomplish this mission. DSPs have positive impacts on people's lives by helping them and supporting their ambitions and dreams.

Cornerstone provides all the training you will need to excel as a Direct Support Professional (DSP). If you have a high school diploma or GED and a valid driver's license, then you are a qualified applicant.

Whether you are looking for full-time or part-time employment, we invite you to contact us to learn more about this career opportunity and share in helping to make people's lives better.

Caregiving Opportunities

Direct Support Professional (DSP) is another name for caregiver, but with an important twist! DSPs do provide care, but they also help people learn and experience new things! We call this active treatment.

Our mission statement sums this up nicely: "Enrich the lives of the people we serve by providing a safe and healthy environment that is conducive to personal choice thereby empowering them to live self-directed lives."

DSPs assist people with ADLs (Activities of Daily Living) which includes personal hygiene, meal preparation, household tasks, driving to stores or places of enjoyment and assisting with medication administration.

We fully train our DSPs during orientation and offer annual refresher trainings as needed. We have a strong management team that provides support and guidance 24/7. Interested DSPs have opportunities

to advance to management level positions with our Career Track program.

If you enjoy being around others and making people happy, we want you to join our team. If you want a career with purpose and meaning that has opportunities for growth and stability, reach out to us and let us know.

We award our team members with competitive wages, bonus incentive programs, a robust benefits package and a great working environment. Come see for yourself!
